

STUDENT OUTREACH SEMINAR

DEPARTMENT OF STATISTICS

Tuesday, November 8th

Venue: HUTCH 409

3:30 – 4:30 pm

**Presenters: Sharon Phillips
Todd Hershbine
(MINITAB Inc.)**

“What is great About Minitab and the Virginia Tech Statistics Department?”

The talk would cover discussion about Minitab the company, why we think we are a great company, and why we think our partnership with VA Tech is great. In general it will hopefully give students an idea of what working at a software company is like as well as see examples of other VA Tech graduates and what they are doing.
